LOD is a key technology for the Semantic Web, a vision of a web of data that is machine-readable and interconnected. LOD can be used to represent a wide variety of data, including bibliographic data, scientific data, geographic data, and social media data. LOD can be used for a variety of applications, including data integration, data interoperability, data analytics, and artificial intelligence.

The 5th International Conference on LOD will provide a forum for researchers, practitioners, and industry professionals to share their latest work and to discuss the future of LOD. The conference will also provide an opportunity for attendees to network with each other and to learn about the latest LOD products and services.

Key Dates

* Paper submission deadline: March 15, 2024 * Notification of acceptance: May 15, 2024 * Camera-ready paper submission deadline: June 15, 2024 * Conference dates: September 10-13, 2024

Venue

The 5th International Conference on LOD will be held in Siena, Italy. Siena is a beautiful medieval city located in the heart of Tuscany. The conference will be held at the University of Siena, which is one of the oldest universities in the world.
