Bali, Indonesia is a popular tourist destination for its beautiful beaches, lush rainforests, and vibrant culture. In recent years, Bali has also become a hotspot for architecture and design, as a new wave of Asian architects and designers are creating stunning homes that blend traditional Balinese elements with modern sensibilities.

Bali Houses New Wave Asian Architecture And Design is a coffee table book that showcases the latest and greatest in Balinese architecture and design. The book features over 200 photographs of stunning homes, from traditional Balinese compounds to modern villas with infinity pools and panoramic views. The book also includes interviews with the architects and designers behind these homes, as well as essays on the history and evolution of Balinese architecture.

Bali Houses New Wave Asian Architecture And Design is a must-have for anyone interested in architecture, design, or travel. The book is a beautiful showcase of tropical modernism, and it offers a glimpse into the future of Asian architecture.

Here are some of the features of Bali Houses New Wave Asian Architecture And Design:

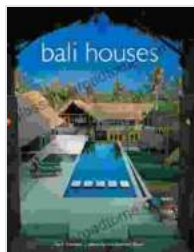

- Over 200 stunning photographs of homes in Bali
- Interviews with the architects and designers behind these homes
- Essays on the history and evolution of Balinese architecture
- A hardcover with a beautiful dust jacket
- A large format (10.5" x 13")
