What's new in macOS 10.15 Catalina

macOS 10.15 Catalina is a major update to the Mac operating system. It includes a number of new features and improvements, including:

- A new, redesigned Finder
- A new Music app
- A new TV app
- A new Photos app

- A new Reminders app
- A new Notes app
- Improvements to Safari, Mail, and Pages
- Support for the new Mac Pro

Why switch to the Mac?

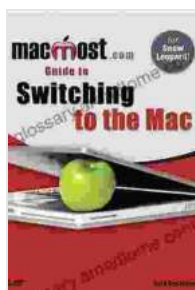

There are many reasons to switch to the Mac. Macs are known for their ease of use, reliability, and performance. They're also great for creative professionals, as they come with a number of powerful apps for video editing, photo editing, and music production.

If you're considering switching to the Mac, this book is a great place to start. It will help you get up and running quickly and easily, and you'll soon be wondering why you didn't make the switch sooner.
